

OAKMEADIANS RFC

Illegal Drugs Policy

This policy was approved by the club committee of **Oakmeadians RFC** at its meeting 1st May 2019

Introduction

Oakmeadians RFC does not allow the use, distribution or selling of illegal drugs by any club member or any visitors within our club's facilities. This policy reflects our club's commitment to protecting the health, safety and wellbeing of all persons associated with the club and all persons in attendance at club activities.

Purpose of this policy

The purpose of this policy is to ensure the club committee and club members understand the club's position regarding illegal drugs and how it will respond to a drug-related incident within its facilities.

Extent of this policy

What is a drug?

A substance, other than food, which is taken to change the way the body and/or mind function. A psychoactive drug is a drug that impacts on the central nervous system (brain and spinal cord) to change the mood and feelings of a person.

What is an illegal drug?

A substance that is not permitted to be taken or used according to British Law, such as cannabis (marijuana), amphetamines (speed and "ice"), ecstasy, cocaine, heroin, mephedrone and a range of new psycho-active substances known as synthetic drugs.

This policy does not apply to pharmaceutical drugs or performance enhancing drugs (unless they are captured in the above definition).

Why do people use drugs?

People use drugs to relax, to function, for enjoyment, to be part of a group, out of curiosity, with the intention of improving their physical appearance and to enhance their sporting performance, or to avoid physical and/or psychological pain. Drug use is influenced by a number of factors. Most people use drugs because they want to feel better or different. They use drugs for the benefits (perceived and/or experienced), not for the potential harm. This applies to both legal and illegal drugs.

Some people use a drug once or twice out of curiosity while others may continue to use them more often. A person becomes dependent on a drug after prolonged or heavy use over time.

They feel a need to take the drug consistently in order to feel normal or to avoid uncomfortable withdrawal symptoms.

This policy should be read and understood in conjunction with the club's code of conduct.
